The British Neuro-oncology Society is the only UK multidisciplinary society dedicated to advances in research and the treatment of adult and paediatric brain tumours. Our annual meeting attracts delegates from all clinical neuro-oncology specialties (including representatives from neurosurgery, neurology, neuroradiology, neuro-oncology and neuropathology), clinical nurse specialists, charities and basic scientists leading the field in neuro-oncology research.

For programme and meeting details see www.bnos.org.uk.

The Changing Prospects for Cancer New models of aftercare for those living with and beyond cancer

Friday 4th April 2014

The Lowry, Media City, Pier 8, Salford Quays, M50 3AZ

Introduction

As the National Cancer Survivorship Initiative (NCSI) vision for cancer survivorship begins to become a reality for patients, professionals and commissioners, this conference will explore some of the fundamental issues and controversies that are beginning to emerge.

The conference will bring delegates together to debate possible solutions.

Suitable For: Everybody welcome, including clinicians in NHS services including cancer, primary and community based services, commissioners, and managers involved in service delivery and improvement

Study Day Fee: £150 or £125 Early Bird (If booked before Monday 3rd March 2014)

Further Info: Visit www.christie.nhs.uk/school-of-oncology or e-mail education.events@christie.nhs.uk
